TESTIMONIALS

WHAT OUR CLIENTS SAY

CAFÉ 41 GROUP

As a growing restaurant brand, we wanted our name & identity to be visible to all our clients through our serviettes. Dinu Professional was the only company that had the brands best interest at heart. Since the inception of our business with UPP, our brand has grown stronger and we value the relationship now and in the future.

The personal attention shown by UPP has emphasised the loyalty, quality & professionalism given to customers. We can highly recommend partnering with UPP for any branded paper solutions.

Greg Patsalosavis, Managing Director

MICROFUTURE CC

We deal with many vendors every day and I have to applaud Dinu Professional for their wonderful service and quick response. The sales team do a wonderful job of communicating with me and are always available to answer any questions we have.

It is my pleasure to work with your team and I am thankful for the support, information, laughs, and everything your team assists me with each time I contact them! I know that when I need something in a hurry, your team always comes through for me!

Colleen Mc Alpine, Procurement Assistant

FACTORY SHOP

Factory Shop in Linden (Jhb) was founded in June 1987 and we have been doing business with UPP (Dinu Professional) since then.

I have always had wonderful reps and service and have obviously been very happy. Over the years I have seen great growth in the serviette lines and have advised them on numerous occasions of what is popular and what isn't. This opinion is given as myself and my caring staff interact with our customers and ensure that all their needs are met.

Debbie Poggo, Owner

RADISSON BLU

It has been an absolute pleasure dealing with Dinu Professional.

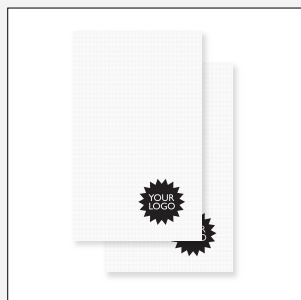

They provide us with a tailor-made product that looks great and is affordable.

Their flexibility and on-time service delivery has been a breath of fresh air. We really appreciate doing business with Dinu Professional.
